

Avenir AI Solutions

AI Growth Infrastructure for Canadian Markets

Your 24/7 Bilingual Growth Engine

We Build AI Growth Infrastructures That Scale Your Impact While You Sleep

Transform every business interaction into actionable intelligence. Not a chatbot, not a CRM — the intelligent layer that makes all your growth tools work together.

The Value We Bring

Capture & Qualify

AI-powered lead analysis with intent, urgency, and fit scoring. 85%+ confidence in classification, instant bilingual communication.

Automate & Act

Personalized outreach, automated responses, relationship intelligence — all operating 24/7 without manual intervention.

Learn & Optimize

Self-learning pipeline that adapts to your business, improves with every interaction, and compounds growth automatically.

Bilingual by Design

Purpose-built for Canadian markets with seamless EN ↔ FR communication, not just translation but cultural adaptation.

Response Time

24/7

Operation Without
Staffing Costs

- ✓ **3x faster** lead qualification with AI-powered analysis
- ✓ **85% confidence** in intent detection and scoring
- ✓ **20-50 new leads** per automated prospect discovery scan
- ✓ **Instant bilingual** communication without hiring translators
- ✓ **Single dashboard** for all client interactions and insights
- ✓ **Automatic enrichment** (emails, company info, LinkedIn profiles)

What Makes Us Different

Traditional Tools	Avenir AI Infrastructure
Disconnected point solutions	✓ Unified growth engine
Manual data entry	✓ Automatic enrichment
Static workflows	✓ Self-learning optimization
English-only	✓ Bilingual (EN/FR) by design
Reactive (wait for leads)	✓ Proactive (discover prospects)
Chat/respond only	✓ Analyze, qualify, act

Perfect For Canadian Service Businesses

5-50 employees in Construction, Real Estate, Marketing, Legal, or Professional Services with an active online presence, growing beyond spreadsheets, and ready to scale without hiring. Industries: Construction Contractors, Real Estate Brokerages, Marketing Agencies, Law Firms, Healthcare Providers, Home Services, and B2B Professional Services.

Production-Ready & Secure

- ✅ **Security Rating:** A- (90/100) — Enterprise-grade with bcrypt, RLS, rate limiting
 - ✅ **Tech Stack:** Next.js 15, React 19, Supabase, OpenAI GPT-4o-mini
 - ✅ **Multi-Tenant SaaS:** Complete client isolation, API key authentication
 - ✅ **Compliance:** PIPEDA, AIDA, Quebec Law 25 ready
 - ✅ **Canadian Data:** Hosted in North America, data sovereignty compliant
